

Jesus Journey Challenge

The Jesus Journey Challenge is a physical quest through Jesus' life. Tribes (teams) of 12 will start with a warm up signifying Genesis 1:1 "In the beginning...". They will then move to each of the 7 landmarks, from Jesus' birth to His resurrection, where they will complete a 7 minute workout signifying an important part of Jesus' journey. In between the Landmarks will be connecting Milestones, equally important but shorter activities. This event is to challenge believers in connecting with Christ in a whole new way and to give the opportunity to show non-believers the love of Christ. If you feel a connection to this Challenge in any way please consider becoming a sponsor for the 2022 Challenge on April 10th.
